

## **Gillespie County Adopt-a-County Road Program**

Gillespie County Commissioners Court is pleased to introduce its Adopt-a-County Road Program to maintain the natural beauty of our County while decreasing the cost of litter pickup.

This program is modeled after the very successful Adopt-a-Highway Program by the Texas Department of Transportation that has been operating in Texas since 1985, and has grown into a national and international litter-prevention effort, saving taxpayers' dollars and keeping our right of way clean.

The Gillespie County Adopt-a-County Road Program focuses on Gillespie County roads to support and recognize groups and volunteers who are willing to help pick up litter on our County roads to keep Gillespie County beautiful.

### **The County will:**

- a. Work with the participating individual or group to identify the specific section of County road to be adopted.
- b. Erect at least one (1) sign on the adopted section with the participant's name displayed.
- c. Provide safety information, trash bags, traffic control signs and safety vests.

### **How to apply:**

Request an application form from the County Commissioner of your precinct, or print the application from our website. Submit your completed form to the Rural Addressing Department located in the Courthouse Basement, Room 106 or email to [litterprogram@gillespiecounty.org](mailto:litterprogram@gillespiecounty.org). Contact information is on the application form. Your County Commissioner will contact you to get your Adopt-a-County-Road Program on its way. The links below will guide you through this new exciting litter prevention program!
